Professional Background

I have a professional trajectory of 10 years as a designer, and in 2020, I successfully transitioned to front-end development. Over the past 5 years, I have been working intensively on the creation of websites, systems, e-commerces and email marketing.

Work Experience

DKMBank | Front-end Lead

March 13, 2025 - Present | Remote

- Leading front-end development across multiple banking platforms, ensuring high-quality, scalable, and maintainable code. Mentor junior developers, define standards, and collaborate with design and backend teams to deliver robust and cohesive experiences.
- Key focus: Front-end architecture, code quality, and design system evolution. Mentorship, technical guidance, and cross-team collaboration.
- Stack: React, Next.js, TypeScript, Tailwind, Styled-Components, Git/GitHub, Vercel, Figma, AWS

DesignScript Labs | Front-end Developer

September 3, 2020 - Present | Remote

- Creation and modification of websites, e-commerce sites, systems, and email marketing for various clients.
- Stack: React, Next.js, Vue.js, HTML, CSS, JavaScript, TypeScript, Bootstrap, SASS/SCSS, WordPress, Elementor, Webflow, jQuery, Docker, Jest, and Cypress.
- Contract-based work for different companies. Below are the 2 main projects and companies I worked with:
 - **Creative.CO:** Creation of websites, landing pages, and email marketing campaigns. Editing website components.
 - **Taking:** SEO implementation and integration of e-commerce components, driving continuous improvements on the platform. The company's SEO went from 54/100 to 92/100 during the time I worked there.

Freelancer | Fashion Designer

October 1, 2010 - April 10, 2020 - Blumenau/Brazil

- Design of prints, iron-on patches, and graphic art for fashion.
- Stack: Photoshop and CorelDraw.
